DEFEND THE DIGITAL FRONTLINES

Immersive Cybersecurity Engineering Track

Defend the digital frontlines by building the skills needed to protect critical systems, assess threats, and manage security operations for both enterprise and government environments. This pathway is a strong fit for those drawn to cyber defense, incident response, and securing networks against evolving threats. It's designed to do more than prepare you for a certification, it equips them with the technical, professional, and strategic skills needed to launch and grow a successful career in cybersecurity. **This pathway is offered as a SkillBridge opportunity for active duty service members through our partnership with 7 Eagle.**

Price: \$9,000

Duration: Full Time, 9 Weeks

GI Bill Commitment: 3.83 Months

Daily Expectations: 3 hours of live expert instruction and support, 3-4 hours of self-paced study

POTENTIAL ROLES:

Cybersecurity Analyst | Security Operations Technician | Ethical Hacker | Threat Intelligence Specialist

MARKET DEMAND:

470,000+ U.S. cybersecurity postings in the last 12 months
15.6% growth in cybersecurity tools
\$200B global market by 2028

COURSES

CompTIA A+
Foundational

Gain hands-on experience in IT support, covering hardware, software, networking, mobile devices, cybersecurity, and diagnostics—ideal for launching into help desk and IT ops roles.

CompTIA Sec+
Intermediate

Develop a strong cybersecurity foundation. Learn how to secure systems, monitor hybrid environments, and manage risk mitigation in line with industry standards.

ARCHITECT THE FUTURE OF INFRASTRUCTURE.

Immersive Cloud Engineering Track

Architect the future of IT infrastructure by gaining the expertise to design, manage, and optimize cloud environments using AWS, the leading platform in both the private and public sectors. This pathway is ideal for individuals passionate about building scalable, secure cloud solutions and supporting digital transformation across industries. More than just test preparation, it provides the technical, professional, and strategic foundation needed to begin and advance a career in cloud computing. Potential roles include Cloud Support Associate, Solutions Architect, and Cloud Operations Technician. **This pathway is offered as a SkillBridge opportunity for active duty service members through our partnership with 7 Eagle.**

How to Enroll

You've already proven your discipline, commitment, and drive. Now channel it into a mission that shapes the future - your own, and the nation's. Our team is ready to guide you, support you, and celebrate your success. Ready for the next steps?.

Verify your GI Bill Eligibility

To qualify for free certification courses, you must have at least 4 months remaining on your GI Bill benefits. If you're unsure about your eligibility, check out our step-by-step guide [here](#).

Choose Your Track

With the help of our advisors, select the pathway that best suits your career goals. We'll guide you to the right choice so you can focus your training and succeed.

Schedule and Pass Your Technical Interview

To move forward in the immersive pathway, you'll need to complete and pass a technical interview. We're here to support you every step of the way with prep materials, coaching, and practice sessions.

Submit for Your Certificate of Eligibility

Submitting your application for the Certificate of Eligibility is the last step. Don't worry, we'll guide you through every part of the process!

Frequently Asked Questions

What's the difference between an Enrollment Advisor and a Success Coach?

Your Enrollment Advisor is your main point of contact for GI Bill® paperwork and course progress. Success Coaches provide wrap-around support, including check-ins and access to additional learning tools.

Who collects tuition and fees?

SkillStorm handles all tuition and testing fee collection.

Are there financing options available?

We are currently working on deferred billing and alternative financing solutions to reduce upfront cost.

What are the expectations around attendance?

Attendance for live sessions is mandatory. Students must complete all required coursework and meet weekly milestones.

What is the refund policy?

- 70% refund available if requested by the end of Day 5 of class.
- Full refund if dropped 10 business days before the course starts.
- No refund after Day 5.
- Re-enrollment may be considered on a case-by-case basis.

What accommodations are available for learners with disabilities?

Students may request accommodations by providing documentation prior to the course start date. SkillStorm is committed to ensuring accessibility for all learners.

You've Led Before. Now Lead in Tech.

You've already proven your discipline, commitment, and drive. Now channel it into a mission that shapes the future - your own, and the nation's. Our team is ready to guide you, support you, and celebrate your success.
