COURSE OVERVIEW

Salesforce Administrator Certification Course

Price: \$1,975

100% Online Course Schedule: 8 Weeks | 8-10 hours/week

Courses Starting Weekly: Once enrolled, you can begin learning as early as the following Monday.*

Certifications: Salesforce Administrator Certification

What You'll Learn:

This comprehensive Salesforce Administrator course equips learners with the skills to create cloud-based applications. Covering key modules like Platform Fundamentals, Salesforce Products, Data Management & Automation, and Reports, Dashboards, and Mobile, you'll develop expertise in organization setup, user management, security, Sales Cloud, Service Cloud, data handling, analytics, workflow automation, and more.

By the end of this course, you'll be prepared to pass the Salesforce Certified Administrator exam and leverage your knowledge to build impactful applications.

Eligibility Requirements:

While no previous experience is required, professional experience with basic concepts and functions of Salesforce and Sales Cloud would be an advantage.

Course Highlights:

-  **Hands-on training**
Official labs, materials and curriculum directly from Salesforce
-  **Live seminars with Salesforce authorized trainer**
3-4 hours of live lecture/week
-  **Content to review on your own time**
2+ hours of recorded content and office hours/week
-  **Certification exam voucher included**
Voucher for first take of Salesforce Administrator exam
-  **Certificate of completion**
Received from SkillStorm upon completing course

COURSE OVERVIEW

Salesforce Developer Certification Course

Price: \$2,000

100% Online Course Schedule: 8 Weeks | 10-12 hours/week

Courses Starting Weekly: Once enrolled, you can begin learning as early as the following Monday.*

Certifications: Salesforce Platform Developer I Certification

What You'll Learn:

The Salesforce Developer certification course equips you with the necessary expertise to become a certified Salesforce Developer. This comprehensive course focuses on developing and deploying customized business logic and user interfaces and consists of four main modules: Salesforce Fundamentals, Process Automation and Logic, User Interface, and Testing, Debugging and Deployment.

By completing this course, you will gain the skills and knowledge to excel in the field of Salesforce development.

Eligibility Requirements:

General IT prerequisite experience includes at least one object-oriented programming language (Java, C++, C#, or Apex), web development (JavaScript, HTML, and CSS), and relational databases and writing queries using SQL. Also, prior knowledge of the Salesforce Platform is highly suggested.

Course Highlights:

-  **Hands-on training**
Official labs, materials and curriculum directly from Salesforce
-  **Live seminars with Salesforce authorized trainer**
4+ hours of live lecture/week
-  **Content to review on your own time**
4+ hours of recorded content and office hours/week
-  **Certification exam voucher included**
Voucher for first take of Salesforce Platform Developer exam
-  **Certificate of completion**
Received from SkillStorm upon completing course

Learn from the Global Leaders in Launching and Accelerating Tech Careers

Improved Exam Pass Rates

Participating in instructor-led training enhances accountability, ensuring attendance and completion of coursework, ultimately leading to higher pass rates.

Top Career Accelerators

More than 20 years within the tech space has made us experts in understanding and preparing today's top workforce to advance in lucrative and lasting jobs in tech.

Flexible Learning

Our online courses cater to adult learners, offering the flexibility to fit learning into busy schedules. With an asynchronous format, students have ample time to absorb and retain information.

Defined Career Pathways

We've partnered with tech experts to align our courses with the skills sought by employers. This ensures our students are prepared for in-demand positions and roles.

One-on-One Mentorship

Learning styles are better supported when guidance is provided beyond the curriculum, improving outcomes for students.

Official & Current Curriculum

As authorized training partners, we are able to integrate official curriculum, materials, and labs into our coursework. This gives you practical, hands-on experience with industry tools and technologies.
